This year we have further fine-tuned the ruleset we like to call "All Teams Viable".
"All Teams Viable", can be scrutinized from bloodbowl.dk

We welcome all coaches who seek fame and glory by trying to wrench this championship from Danish claws, and will reward such with great trophies and prizes to reflect their achievement.

This will take effect from round 2. During the first round the referee(s) will review all teams as they play. The miniatures don't have to be from a specific manufacturer.

We encourage you to use the following color coded bases:

- ☛ Grey/Black: Lineman
- ☛ Red: Blitzer

- ☛ White: Thrower
- ☛ Yellow: Catcher, Runner.

If your opponent can't easily recognize the different player types on your team, you must let him mark them somehow (without damaging the miniatures, of course).

★ HOW TO MAKE YOUR ROSTER & RULES ★

*Tier 3-6 teams may hire 0-2 star players, but MUST then treat ALL [special skills] as [normal skills].

- Your roster must be built using the “All teams Viable Ruleset”, Link at the bottom of this page.
- All rosters must have team value 1.100.000 and all allowed inducements must be on the roster.
- 11 NON-star players minimum.
- Your roster must be built using the “All Teams Viable Ruleset”, found on the following pages in this document.
- Skills for a given race are listed in the ATV sheet as [Normal skills]/[Special skills]
*A [Special skill] is either an anytable skill, OR a [Normal skill] on a player that already has a skill.
PLEASE NOTE THAT **PILING ON CANNOT** be combined with another skill.
- All skill must be chosen before the draw for round 1 is made.
- We play according to the BB2016, Death Zone 1, Errata, FAQ, Teams of Legend.
- All teams are available, including Chaos Pact, Slann, Underworld, Bretonnia & Khorne.
- All teams are considered equal in TV - despite actual TV and special Play cards are not used.
- All injuries are reset after each game. Each game will start with a fresh roster.
- The four minute rule is not enforced, but if the game is not proceeding according to the time schedule, the referee may issue a timer, or battleclock with a fixed turn-time.
Should one player ignore this, that player will automatically concede his game. Any coach can request a timer at any time.
- First round is random draw. Subsequent rounds will be swissdraw. The best placed coaches will be seated on the tables with low numbers.
- Gametime is 2 ¼-2½ hour. the Tournament Organizer will make an announcement at half-time.
- Dice must be easily recognized. We recommend everyone to use the official NAF Block dice, and clearly point out what a given logo on a dice is (D6 - Either a 1 or a 6.) If a Coach cannot accept your dice, you must play with standard dice.
- If a Coach requests to use your dice, you must "share" dice.
- In doubt—Organizer has the final word.
- THE SPANISH RULE—When/IF a non-dane throws a tripleskull, they are intitled a round of free beers to all of that nationality of the tripleskull culprit.(MissSweden counts as a dane...)
- DOWNLOAD THE ATV RULES [HERE](#). (bloodbowl.dk)
- Send your roster to tripleskull@bloodbowl.dk by **may 26th**, and get +1 Fan factor.
